

Customized European Folding Container Network

Overview

ECMA is the international network of folding carton organisations; carton businesses, national carton associations and suppliers to the carton industry. Foldable Shipping Containers for Sustainable Blue Growth Containerised sea trading has a persistent problem: international trade imbalances make the management of empty containers in logistic networks an economic and environmental challenge. With its seat in The Hague, The Netherlands, and an office in. We have a good story for you! Okay, here's the thing: 40% of container transport on land is empty. Hundreds of Megatons of CO₂ emissions and 25Bn Euro in cost are wasted. This form of global inefficiency has to stop. We at 4FOLD reduce empty transport in the most. NAVLANDIS has developed a suitable solution for foldable containers based on the Zbox folding mechanism (European Patent 3061707), already under a TRL 7 prototype, that guarantees a robust container with a limited number of moving parts that thanks to its Z movement requires less human effort, time. ORBIS Europe develops, manufactures and markets transport packaging solutions: Foldable bulk bins and plastic pallets. After 5 years of dedicated development, we managed to build the world's first fully ISO and CSC certified.
