

Large-scale cost of Indian telecom energy storage cabinets

Overview

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. Individual pricing for large scale projects. System Voltage: Industrial cabinets typically operate at 400V-800V, with 10-20% price differences between. This is bound to bring more opportunities for new technologies like Energy Storage. Of all countries here compared, costs are cheapest in India, which already hosts a large installed capacity of 4700 MW (the 7th largest in the world) with more projects in the pipeline (CEA 2022).
