

SUNWAY Solar Photovoltaic Panels

Overview

Sunway Solar is a manufacturer of solar PV panels and a supplier of hybrid solar inverters&solar systems, specializing in household solar solutions and solar power generation projects. As a leading solar system supplier, Sunway Solar specializes in offering excellent products related to solar power, from solar PV panels to solar systems. From industry-leading solar panels and solar power inverters to solar power system kits, Sunway Solar makes it easy to switch to. We supply a wide range of high performance solar module that are optimized for use in all types of solar power applications, Max power range from 3W to 300W. Highlights of our solar Module: 1.,established in 2017,stands as a pioneering technology trading company with a keen focus on the photovoltaic sector. Power supply for telecommunication base stations, suitable for remote areas.
